

Teacher's Note

Answers:

- There are 19 squares.
- Check student's story.

Suggested Activities:

- ❖ Make lots of paper flowers from coloured paper or use old magazines. Design and make a collage.
- ❖ Use only black, blue and white paints. Ask students to paint lines on a large piece of paper from darkest to lightest.
- ❖ Visit a local art museum.
- ❖ Have an art exhibition using your students' artworks.
- ❖ Take students outside. Ask them to draw what they see. Use only black pencil. Show them how to use dark and lighter shades by smudging the pencil on the paper.
- ❖ Invite a local artist who might be able to bring out the arty person in each student.
- ❖ Locate the Arts section on: <http://www.kidsvista.com/Sciences/math.html>
- ❖ Locate the Arts section on: <http://yahooligans.com/>
