

Name: _____

BOOK WORK

Making your own book can be great fun. Below are pictures for you to cut out and colour. Use these to make your own book. You must write at least one sentence on each page that has something to do with the picture. Try and make a story that makes sense. Use one picture per page.

Fold three A4 sheets of paper in half. Make a front page with a title. On the back you write who made the book. (your name)
