

Name:

How much rubbish do you think your family makes each year? Everybody has a certain amount of waste. Families, hotels, shops, factories and your school too. Rubbish or waste is a big problem world-wide and everybody should do their bit by making as little waste as possible. Plastic bags are one of the biggest waste products. Can you think of some other different types of waste?

Write four types of waste in the boxes.

Australia is the second biggest waste-maker in the world.

The Waste-makers

USA is the biggest waste-maker in the world.

You should always try to recycle. That means using something again and again until it is really rubbish.

List 4 things you could recycle.

Does your school recycle?

yes

no

DISCUSS

If 'yes'

If 'no'

How?

Why not?
