

Name _____

The 1 times table is shown here as a column graph. Each column represents the correct amount of parts of each sum.
Give each bar a different colour and match the colour with the multiplication table on the right of the graph.

Project:

Draw a column graph on another piece of paper showing the following multiplications.

2×1

5×1

7×1

3×1

9×1

6×1
