

Name_____

The 2 times table is shown here as a column graph. Each column represents the correct amount of parts of each sum.
Give each bar a different colour and match the colour with the multiplication table on the right of the graph.

Project:
Draw a column graph on another piece of paper showing the following multiplications.

1×2

4×2

2×2

9×2

7×2

5×2
