

Name: _____

MEASUREMENT

Use a ruler to measure the lines. How long are they?

Take a book and measure how long it is.

Measure the width of the same book.

Guess how wide
your classroom
is.

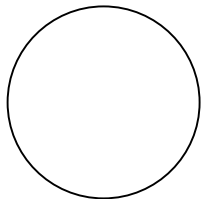

Use a proper
tape measure
and with a
friend measure
how wide your
classroom really
is.

How tall do you think you are? Guess first

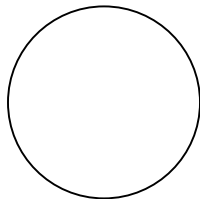

Use a tape measure or a measuring wall chart to measure how tall you really are. Ask some one to help you. How tall are you?

.....

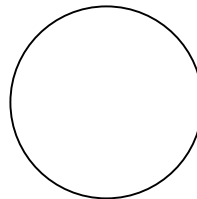

Draw the correct time in the clocks.

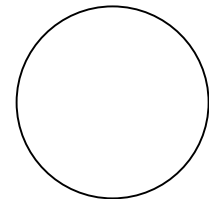

4:00 pm

3:30 pm

10:30 am

6:00 am

What is the time now? Draw it on the clock.
