Fremantle
Prison

1. When was the Fremantle Prison built? (circle the answer)

1950's	1760's	1850's	1900's	1820's
--------	--------	--------	--------	--------

2. The prison shut down in 1991. How long did the prison operate?

3. Convicts mainly built the prison. What are convicts?

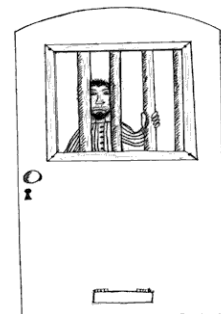

4. Convicts in prison uniforms were marched through the streets to hew stone from a nearby quarry. What kind of stone was used to build the prison? Circle the correct answer.

Quarry stone	Marble stone	Lime stone	Sand stone
--------------	--------------	------------	------------

5. The prison's internal walls were to be made of corrugated iron brought from England. The plan was changed to use stone instead. Tick the reasons why you think stone was used instead of iron.

☐	Stone was cheaper	☐	More sound proof
☐	Stone is prettier	☐	Easier to obtain

6. The barred cell window frames were brought from England as ballast in the holds of sailing ships.

a) Draw a picture of a sailing ship and indicate where the hold of your sailing ship is.

b) Find out some of the names of the sailing ships that arrived in WA and name your sailing ship after one of them.
